# Tenerife Tennis Academy

TTA is based in the south of Tenerife (Canary Islands).

In contrast to mainland Spain it has a milder and more constant climate. In the winter it is warmer whilst in the summer it remains cooler.

The annual average temperature is 23 degrees.

The ideal outdoor training climate all year round.

TTA's main base is in the beautiful hillside town of Chayofa, overlooking Los Cristianos.

We also have a base in Tenerife Top Training "T3", in La Caleta.

Here you will train on newly laid hard courts, in a world class gym, and next to Olympic swimmers, Premier League football teams, etc...

## TTA - MISSION

With a maximum of 8 students per teacher, every minute of their learning is focused. Small classes and supported study sessions maximise learning and eliminate the need for home study, and therefore allow for the extra time needed for the tennis training.

Our students need flexibility to allow them to train any time of the day, and travel any time of the year. Our fully portable curriculum is built to provide 100% support. Working with Google Classroom allows players to continue study while on tournament travel.

We also are very experienced in preparing our students for SATS to enter the US college system

## Why Tenerife?

Tenerife is the ultimate venue for high performance training. It is fast becoming the “go to” venue for many world class athletes and federations of all sports for pre-season training.

We are lucky to have made our base camp here. With Mount Teide standing at an impressive 3.718m, we can be training at high altitude in a 30min drive and back down to the ocean to cool off, all in a mornings work.

That, combined with the perfect year round temperature, clear skies and very little rainfall, you can understand the island’s appeal.

## Transport

We hop between our 3 training locations in our TTA bus. No location is more than a 10-15 minute drive from our TTA Training Centre & the Synergy Study Centre in Chayofa.

We recommend visitors hire a car so that they can explore the rest of the island during their stay. For visitors without a car we can provide airport transfers.
